OK International is the only company in the world that designs and manufactures complete turnkey bag in box packing lines consisting of case erectors, bag inserters, counters, closers, case sealers and conveyors, predominantly in stainless steel.

This, in combination with our expertise in corrugated cases and polyethylene film, provides you with the ultimate single source solution, the Perfect Package.

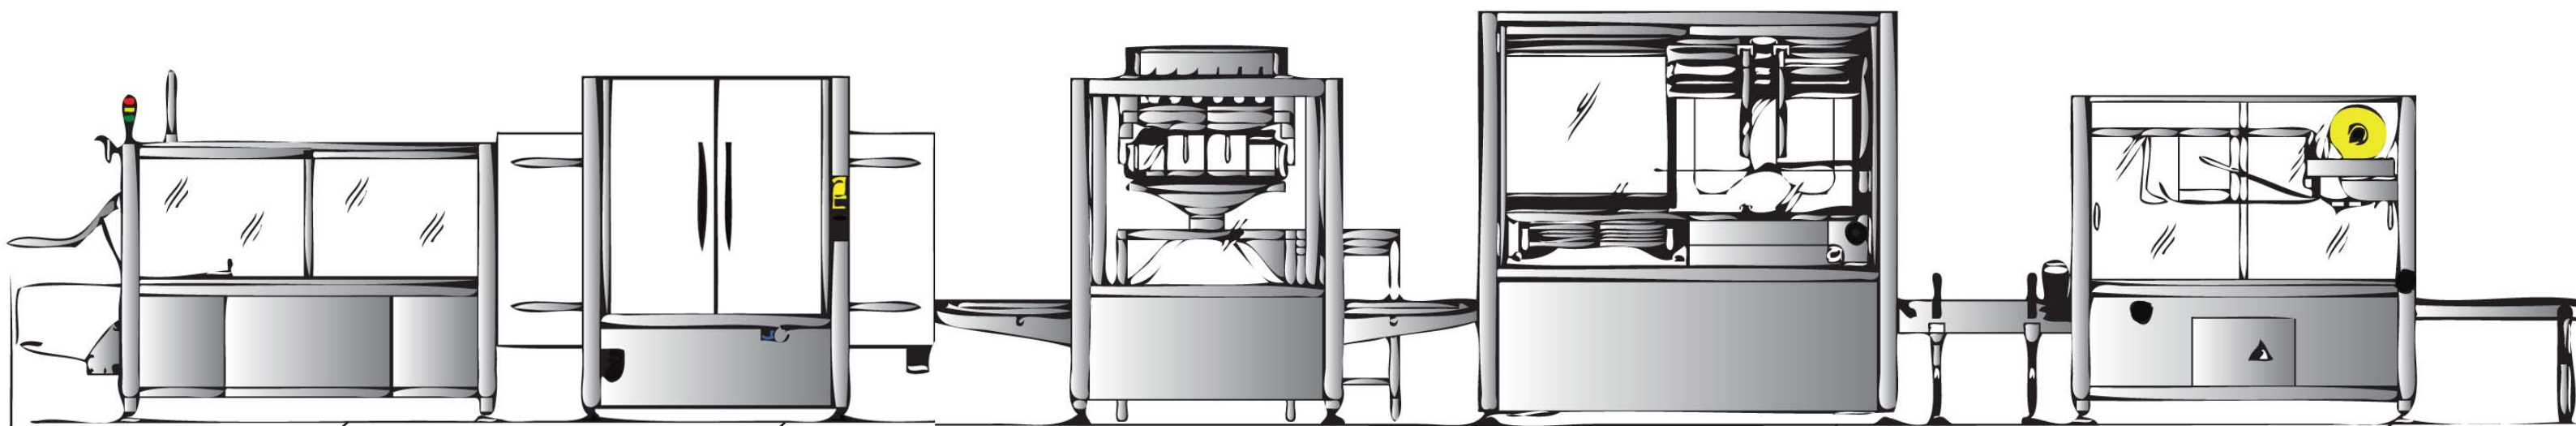

At the millennium we had more than 1,000 bag in box systems in operation in over 60 countries around the world.

Contact us to find out how our innovations can increase your productivity and efficiency.
