### OK INTERNATIONAL, PIONEER IN CASE PACKING LINES

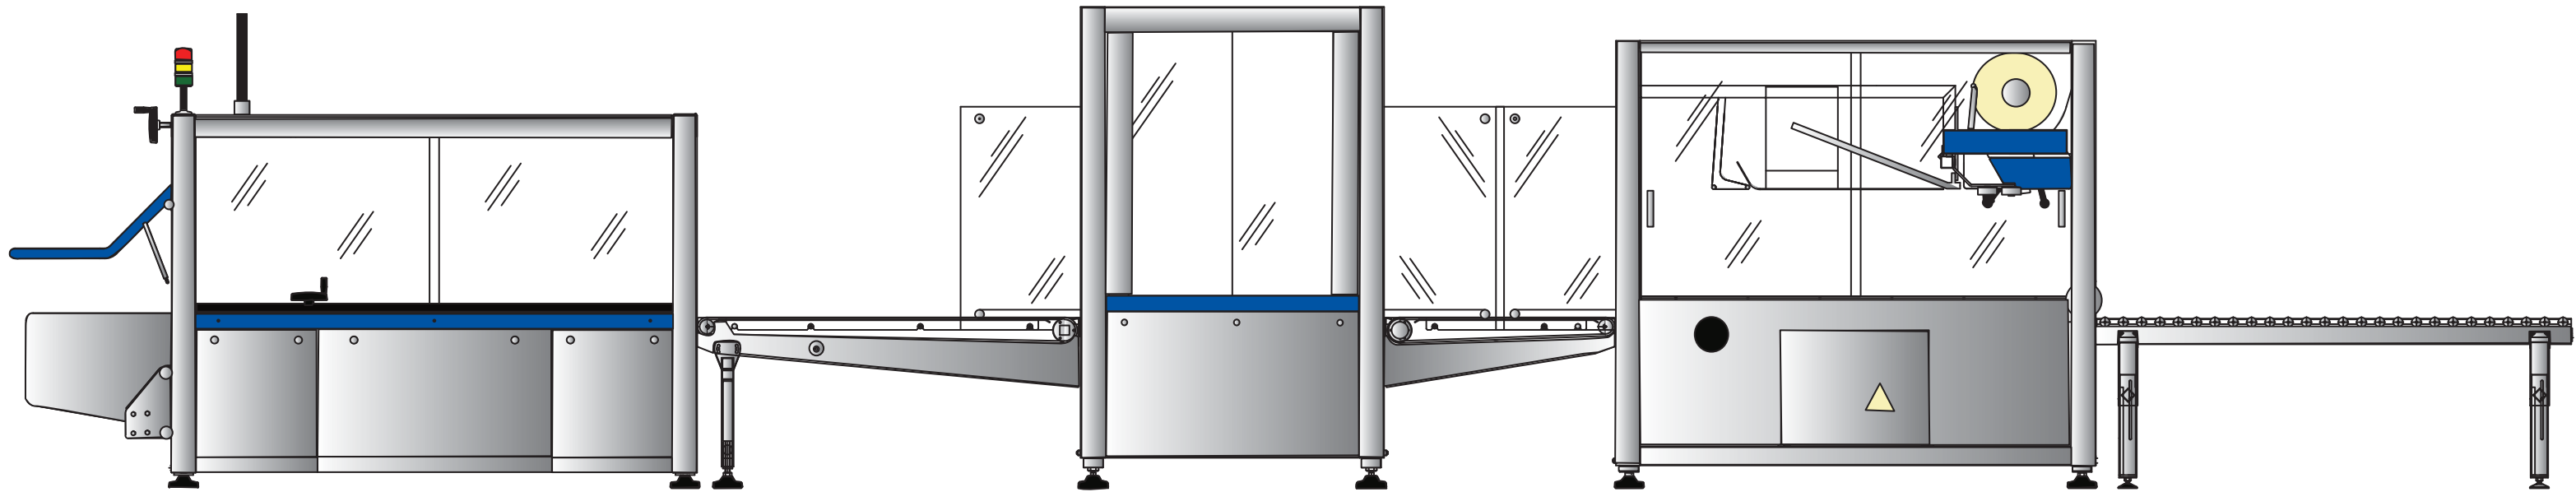

The OK International Group has been providing case forming, case packing and case sealing solutions for over 50 years. Innovations such as the first case sealers with pressure sensitive tape and machines with continuous side belts were originally designed by us and are now world industry standards. Today we are still a market leader with innovative, very easy size change, reliable equipment, specifically designed for automatic packing lines.

We have thousands of machines in operation in over 60 countries around the world.

Contact us to find out how our innovations can increase your productivity and efficiency.

## CASE ERECTOR

### SUPERFORMER (CASE ERECTOR)

OK International supplies a comprehensive line of automatic case erectors. The machines have easy adjustments for quick size changes without tools, operator friendly controls, and ergonomic loading of cases and tape. The machines are available in polished stainless steel or powder coated painted finish.

#### MODELS AVAILABLE:

- Superformer SF1
- Superformer SF2
- Superformer SF1-HM

SUPERFORMER SF1

## PICK & PLACE

### SUPERPACKER (PICK & PLACE MACHINE)

The Superpacker SP600 robotic pick and place collates products and places these automatically into shipping cases or trays. The machine is quickly adjustable to different packing configurations, this in combination with the heavy-duty design makes this a unique machine for many applications.

#### MODELS AVAILABLE:

- Superpacker SP600
- Superpacker SP600 Servo
- Superpacker SP600 Dual Head

SUPERPACKER SP600

## CASE SEALER

### SUPERTAPER (BAG-IN-BOX CASE SEALER)

These machines have easy adjustments for quick size changes without tools, operator friendly controls, and ergonomic loading of tape. The machines are available in polished stainless steel or powder coated painted finish.

#### MODELS AVAILABLE:

- Supertaper ST1A
- Supertaper ST1A-HM
- Supertaper ST1F

SUPERTAPER ST1A
