

SUPERLINER SL230

SUPERLINER SL230

POLYBAG MAKER & BAG INSERTER

Streamline the packing process with consistent results.

The Superliner SL230 case liner makes bags from a roll of gusseted polyethylene tubing, places the bag into a case, crate, drum or tray and cuffs the bag over the edges. Usually integrated with a case erector or in a complete packaging line. These machines are incredibly efficient in helping reduce the typical manual labor required for such tasks, increasing packaging efficiency beyond what a typical person can do. Automated packaging also helps maintain the quality and uniformity of the products, which is important for both storage and transportation.

Heavy-Duty & Efficient

- STAINLESS-STEEL CONSTRUCTION
- BAGS MADE ON THE MACHINE
- TOUCHSCREEN CONTROLS WITH ALARMS
- WIDE RANGE OF CASE SIZES
- CUSTOMIZED FOR EACH APPLICATION

TECHNICAL SPECIFICATIONS:

Case range:	10.00" x 8.00" x 6.00" 255mm x 200mm x 150mm (L x W x H) min. 25.00" x 24.00" x 24.00" 635mm x 460mm x 500mm (L x W x H) max.
Speed:	Up to 15 cases per/min
Bag gauges:	0.7 - 3.0 mil depending on material
Electrical Requirements:	480VAC, 3 PH, 60 Hz standard. Other voltages to requirement.
Pneumatic Requirements:	80-100 psi, 1/2" supply.
Controls:	PLC controls with operator fault finding display.
Finish:	Stainless-steel frame, covers and electrical enclosure, plated and painted interior.
Machine handling:	Right to left, or left to right

FEATURES

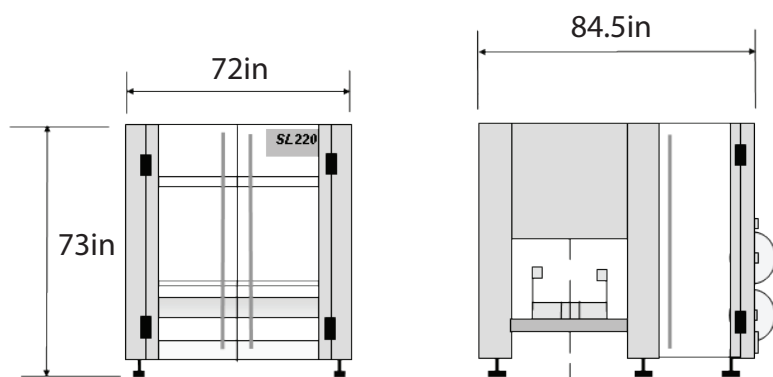

BENEFITS

Stainless-steel exterior finish:	Clean and durable finish, preferred in food and other industries.
Bags made on the machine:	Cost savings over pre-made bags
Adjustable bag length:	Reduce inventory, one roll size makes multiple bag lengths
Dual roll holder:	Easy roll change with minimal down time.
Wide case & film range:	Protects investment with flexibility for future market requirements.
Timing belt driven motions:	Smooth and quiet operations with lower maintenance than SL220.

ADD-ON OPTIONS

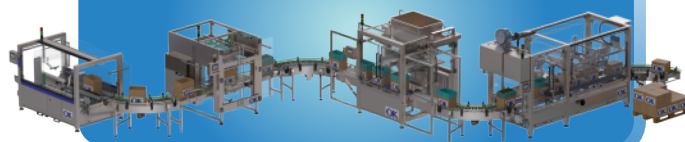

- > Lining of crates, trays or pails.
- > Fold down system for case top flaps.
- > Centralized adjustments for quick and easy size change.
- > Pre-made bags on a roll.
- > Bag detect and reject systems.
- > 45 Degree angled gusset seals to make block bottom bags.
- > Easier roll changeover compared to SL220
